DDS TECHVIRA

GROW YOUR BUSINESS WITH US

15 TH NOVEMBER 2021

Dear Mr. Rathnayake

Thank you for the time you have given in allowing us to discuss with you the opportunity to how our software may help your company improve its efficiency and productivity. As agreed, we are submitting to you information about us and our proposed plan of action for your review.

DDS Techvira is a Software development company with an adroitness for cutting edge software technology that allows new enterprises to reach new heights.

Since its establishment in 2018, DDS Techvira has given its hands to numerous startups, new ventures and small businesses to nurture their ideas with a felicitous, tailor-made strategy and paved the path for their success.

We understand that each client is unique and therefore we recognize that each requires a distinct strategy in terms of how we can deliver effectively while taking into account their expectations.

Our experienced, skilled team is dedicated to bringing your innovative ideas to life and providing full support even after delivering the product, as we value the longterm partnership with our customers.

An overview of the project road map will be presented in this proposal including the project timeline, breakdown of costs and terms and conditions. You will also have a complete understanding of the process, technologies, functions and features. Please contact us if you have any questions or concerns.

We hope that you would take the time to review this proposal and we hope to hear back from you soon.

Thank You!

Your Sincerely,
Isuru Devinda
Chief Technology Officer
DDS Techvira
